

CLASS RAP

DO THE KRUSHER

We bring it 2 the big smoke
And the rural town
We got the KRUSHER
And we bringing it round
To the mountain top
To the deep ravines
This is Aotearoa and we keep it clean

CHORUS

An empty glass bottle ...Pick it up, PICK IT UP
Round your house round your home... Pick it up, PICK IT UP
On your way at school ...Pick it up, PICK IT UP
Recycle, What? ...RECYCLE
We like to keep it real green round here...ROUND HERE
We like to keep it real clean round here...ROUND HERE
We be acting like a team round here...ROUND HERE
Recycle, what?....RECYCLE

THE STORM

Sean Hone

Listen up, listen up, turn it up in here
We're "The Storm" coming 'round with
THE GRIZZLY BEAR
We got Taranaki pride that you can't ignore
Got the mountain and the seas
we're.....HARDCORE!

Fraser Wood

Don't want your children livin' in a rubbish dump
Recycle, recycle, come on - GET PUMPED
So get your rubbish ready for the recycling plant
Help New Zealand out, don't want to hear I CAN'T!

Luke Abbott

Check it out in Palmy it's a busy little place
They're churning up the glass to make a ROADBASE
Glass in the mainland is used for sandblasting
In Buller holes are filled to keep the land lasting

Danyon Doeg

The Naki know the way, we truck it by the pellet
It's heading up North, that's right, WE SELL IT!
You know how our world is running out of gas
Maybe one day the cars could run on glass!

CHORUS

An empty glass bottle ...Pick it up, PICK IT UP
Round your house round your home
... Pick it up, PICK IT UP
On your way at school ...Pick it up, PICK IT UP
Recycle, What? ...RECYCLE
We like to keep it real green round here...ROUND HERE
We like to keep it real clean round here...ROUND HERE
We be acting like a team round here...ROUND HERE
Recycle, what?....RECYCLE

DO THE KRUSHER

Now Do The Krusher (What?), Do The Krusher (Yeah!),
Do the Krusher (Come on!), Do The Krusher (Yeah!)
Do The Glass (What?), Do The Glass (Yeah!),
Do The Glass (Come on!), Do The Glass (Let's Go!)

WIRELESS

Sam Petrie

It holds the very liquid that we love to drink
Until it's emptied out and thrown on the street
Collected and crushed, is the aim
Making glass sand, it is the game.

Scott Donaldson

It comes in brown and it comes in green
To be a new bottle will be its dream
Collected and trucked off to meet it's bros
Gets stored in Glass Mountains then where does it go?

Jackson Free

We'll bring the SHATTER round to a place near you
So you recycle all ya glass and beer bottles too
It's crushed into cullet by the Shatter-nators gullet
It is stored in a pile, for a while, that's style!

Corey Donaldson

We've got a big problem, it's over the top
I'm sorry to report it's too expensive to export
So all of you get your thinking caps on
Before the environment is truly gone!

CHORUS

An empty glass bottle ...Pick it up, PICK IT UP
Round your house round your home... Pick it up, PICK IT UP
On your way at school ...Pick it up, PICK IT UP
Recycle, What? ...RECYCLE
We like to keep it real green round here...ROUND HERE
We like to keep it real clean round here...ROUND HERE
We be acting like a team round here...ROUND HERE
Recycle, what?....RECYCLE

DO THE KRUSHER
